DD/S [REDACTED]

25 November 1957

1. [REDACTED] reported that he had the Dodge car for the Director and I told him not to paint it until I had had a chance to look at it. (I looked at it on Tuesday, 26 November, and while I think that it should be painted black I asked him not to paint it until we had shown it to the Director and ascertained his wishes.)

2. General [REDACTED] talked to me about [REDACTED]. He would like very much to have him but does not have a grade GS-14 slot to put him in. I told him that if he wanted him I saw no reason why Larry shouldn't be black-ducked into a grade GS-14 position.

3. [REDACTED] was up for his briefing. He is somewhat concerned about [REDACTED]

25X1A9a

[REDACTED] who is running Project [REDACTED] and has an investigation under way. While it is too early to pass judgment, it appears that we may want to replace

25X1A9a

[REDACTED] in this position.
